

COVID-19 Temporary Policies and Procedures

Short Form

6/10/2020

All Skaters, Players, Parents, Coaches and other entrants are required to follow the required rules, regulations, and guidelines. If you are unable to abide by any of these guidelines, please do not visit our facility. Our new policies and procedures will be enforced at all times. Any entrants who do not follow our new policies will be asked to leave the facility.

Waiver of Liability must be printed at home and signed before entering our facility each and every time you visit. If you're accompanying a minor child, a separate form will be needed for each of you. Visit the website to download, print, sign, and bring to rink.

All entrants must stay in designated personal distancing areas while inside, or wait outside the building. Parent/Guardian and minor child may occupy the same area.

Participants may be accompanied by one additional person only.

Masks are required (not required on the ice).

Skaters and players should arrive dressed and must wait outside in their vehicles until 15 mins before their schedule session. Do not be late.

Skaters and players will have 15 minutes vacate the facility following the end of their session.

Cleaning, sanitizing, and disinfecting procedures are now in place. Staff will be disinfecting high touch areas between each session. All employees are being trained and will be wearing appropriate personal protective equipment during their shifts.

Currently, we are allowed to offer limited programs that allow for continuous social distancing.

PERMITTED PROGRAMS:

- Freestyle
- Figure Skating Private Lessons
- Stick Time
- Hockey Private Lessons
- Adult Hockey Clinics
- Youth Hockey Clinics
- Private Ice Sessions
